

SUSTAINABLE ENERGY
WEEK 23-27 JUNE 2014

TOOLS TO SUPPORT THE EUROPEAN ELECTRICITY GRID INITIATIVE: THE ROLL-OUT OF SMART GRIDS

24th June 2014, 11:15 to 13:00

Venue: Charlemagne building, Mansholt Room
Rue de la Loi 170, B-1000 Brussels, Belgium

Organiser: [GRID+ project](#)

Purpose: Awareness rising of value of GRID+ tools to support the European Electricity Grid Initiative.

Speakers: GRID+ partners and representatives of labelled projects using GRID+ tools will present/discuss their use-case.

11:15 - Taking stock

Presentation and discussion on the use of **Mapping and Gap Analysis, KPIs, EEGI labelled projects** -- *Ilaria Losa, RSE and partner of GRID+ project; Gareth Robert Bissel, Enel Distribuzione and partner of GRID+*

Case studies:

- *IGREENgrid project:* Marco Rossi, Ricerca sul Sistema Energetico SpA
- *UMBRELLA project:* Wulf A. ENGL, Engl-Energie

12:05 - The impact of cooperation

Presentation and discussion on the use of **Knowledge Sharing Platform, Scalability and replicability assessment tool** -- *Gareth Robert Bissel, Enel Distribuzione and partner of GRID+; Kristof May, KU Leuven and partner of GRID+*

Case studies:

- *GRID4EU project:* Rémy Garaude Verdier, GRID4EU Project Coordinator and ERDF Project Manager; Andrea Rodriguez, Assistant researcher in Universidad Comillas.

12:40 - The future

Opportunities fostered by the GRID+ tools in the frame of the upcoming European energy initiatives -- *Michele De Nigris, RSE and Grid+ Coordinator*
